

iaSolution acquires ISO 9001:2000 certification

Tokyo, Japan – March 10, 2009-

Aplix Corporation (TSE: 3727) is glad to announce today that its R&D and business establishments located in the Asia Pacific (“APAC”) area, including iaSolution Inc., iaSolution Technology (Shanghai) Limited and iaSolution Technology (Shanghai) Limited Beijing Branch (collectively, “iaSolution”), acquire ISO 9001:2000 certification on March 4th, 2009 issued by TUV SUD Management Service GmbH. The acquirement of ISO 9001:2000 certification represents iaSolution’s capability and commitment to persistently provide the qualified and reliable products and services to its customers.

The Aplix group, including iaSolution, the global leader in deploying Java™ technology in mobile phones and other consumer electronics devices, has been devoted to innovative embedded software solutions. Through years its products and services have been widely accepted and praised by its customers and the market. By the self-improvement this time, iaSolution has greatly improved its overall management system by standardizing the work flow of its each department, such as the software development process, customer support process, business development process, and operational process, and etc., so as to provide more qualified and reliable products and services and to enhance customer satisfaction. iaSolution will maintain the effectiveness of ISO9001:2000 certification for its customer oriented commitment of high quality products and services in accordance with the set quality goal.

“Following Aplix’s acquiring ISO9001:2000 certificate on Jan. 2003, iaSolution’s three offices at Beijing, Shanghai and Taipei achieve the same as expected. In order to carry out our existing quality standard consistently, we, through acquirement of ISO 9001:2000 certification, commit to advance the quality of our products and services to all customers in the APAC area and customer satisfaction enhancement. With the increasing resource, stronger support and the consistent service quality standard, we are bringing our strong strength and commitment to all of our customers.” said Arron Fang, the president of iaSolution.

*About Aplix Corporation

Aplix Corporation is the global leader in deploying Java technology in mobile phones and other digital devices. Aplix was first established in 1986 and has been a Sun Java licensee since 1996. Aplix was publicly listed on the Tokyo Stock Exchange (Mothers) in 2003. On August 24, 2004 Aplix and the Taiwan based company iaSolution finalized the integration of the corporations. JBlend, the flagship product by Aplix, is a software platform capable of executing smoothly and securely Java applications within digital devices such as mobile phones. Our Java platform is being adopted by the world's top manufacturers, powering over 531 million devices as of December 2008, and still growing.

Headquarters: Tokyo

Other offices: San Francisco, Munich, London, Taipei, Shanghai, Beijing, Seoul, Yokosuka, and Okinawa
